## 1.13 TRANSCRIPT OF RECORDS

The Transcript of Records will be issued in English in the end of the academic mobility period. It certifies student's personal data, arrival date, list of exams with the dates, grades and credits obtained in ECTS.

The Transcript provides explanatory information of the Armenian grade points converted into the ECTS grades and credits accordingly.

### 1.13.1 GRADES AND CERTIFICATES OF ATTENDANCE OF TEACHING ACTIVITIES

The annual study load of the ISEC Master Degree student is 1800 hours, which is

equivalent to 60 ECTS credits. 1 ECTS credit is equivalent to 30 full hours (classroom,

extracurricular and self-study) load.

Students enrolled in the full-time educational system should have 30 credits study load (with 10% permissible deviation), and for one academic year-60 credits. In some cases students with high academic performance may have additional study load in accordance with the established order. The total educational workload of a Master student is 120 credits.

A 20-point scale is used in ISEC for the assessment of the student learning outcomes. Students with high academic performance (20/20) are awarded honours. If a student's grade for the given course is lower than 8 points or "Not Passed", then he/she is not given credits. The mark "Pass" is not transformed into a numerical grade, thus it does not influence the student's Grade Point Average (GPA).

See below Table 1:

**Table 1.**

<b>Efficient Grade Point</b>	<b>Mark</b>
18-20	"Excellent"
13-17	"Good"
8-12	"Satisfactory"
0-7	"Unsatisfactory"
0	"Absent"
-	"Passed/Not Passed"
